---

## Introduction

Our member's privacy is important. To better protect our members, we provide this policy explaining the way personal information is collected and used by the Silveridge Pickleball Club (SPC).

## The Way We Use Information

SPC uses the information members provide to send out membership related announcements. On the membership form we collect the following personal information: name, email address phone number, Lot #, and home city and state/province.

We will not share this information with anyone without your written approval.

We use email addresses to communicate with our members about upcoming SPC activities and announcements. When emails are sent out from SPC the BCC option is used to hide the recipients email address. Email addresses are not used for any other purpose, are not shared with outside parties and are not posted on our website.

SPC never uses or shares the personally identified information provided to us in way unrelated to the ones described above without also providing our members an opportunity to opt-out or otherwise prohibit such unrelated uses.

At SPC events, photos may be taken and placed (with or without your name) on the SPC website. Please inform SPC if you do not wish for your photo and name to be published on the website in order to respect your privacy.
