

Level Up – Player Movement Steps

Members wishing to move up a playing level must complete the following steps before being permanently placed in the higher playing level.

Members Name: _____

Current Playing Group: _____ Requesting Moving to: _____

Before considering a move to a higher level the member will read the *Guideline for Changing Group Levels* and be required to attend a minimum of TWO each of the following:

1. Current Level Clinics/Workshops, (based on availability)
2. Coached Drilling Sessions
3. Coached Ball Machine Clinics

Coached Drilling Sessions attended: (Dates) _____

Coached Ball Machine Clinics attended: (Dates) _____

Clinic/Workshops attended: (Dates) _____

After completion of TWO of the above sessions (1 to 3) the member will also be asked to complete the following steps prior to being moved:

1. We encourage you to have discussions with other members in your current playing group, your current Round Robin Captains (RRCs), clinic coaches and drilling coaches to solicit their feedback on your readiness to advance to a higher group.
2. Read and be familiar with the *Guideline for Changing Group Levels* document.
3. Once you have received mostly positive feedback from other players, RRCs, coaches and mentors you will inform your current RRC that you wish to initiate score-tracking. You will then be tasked with recording the scores of your next 24-consecutive games, recording **ALL (unless it is with someone who is also tracking)** games wins, losses or ties. Game tracking is on page 2 of this document.
4. Once you have completed and recorded 24-consecutive games, hand this form over to your current RRC. Someone will tally up the data for you. If you have won 70% (or more) of the points available during the 24-consecutive games, you and the RRCs in both groups will be notified of your group level move. The SignUpGenius (SUG) administrator will initiate the move within SUG and notify all those involved.
5. Once you have been moved to the higher playing group, YOU WILL BE CONSIDERED A PLAYING MEMBER OF THAT GROUP. There will be no probationary period and no further score tracking required.
